April 2/ 1893

Reed's 4/24/93 Ans'd 4/26/93

Rev. dear Friend,

You will be surprised to get another Oak Park letter from me but as "man proposes and God disposes" we are still living at 239 Oak Park Ave

Poor Agnes has been ill in bed since last Saturday and Grandma has been in the same plight for four days neuralgic pains and terrible colds are the universal cure.

Poor Uncle Tiffey Liberius gave up last Tuesday and consented to stay at home and let the Doctor however he has been down stairs first of each day, and is gaining rapidly. I am installed as head nurse, and am left entirely on the ground, with three wards to attend to. I never did anything of the kind before so it is quite an experience.

We hope the patients will all be well enough, so that we can start next week about Monday or Tuesday.

I received your letter, Clarence, and the Photograph, which is so natural, we were all delighted with it. I need not express my thanks for it.

Poor Agnes. "Oh Snowgrain"

December Campbell Hall boy
is chess champion of Amherst
college. He also has the
highest Greek record in his
class. We were so delighted
with the news.

I said goodbye to
our portugese last Sunday
afternoon. They have grown
very dear to me — somehow.
How true it is that those
who demand the most sacrifice
from us become the dearest
to us.

Fanny at the county
